

Banking Solutions for Liquidators

FundBank offers a full suite of banking services for the liquidation industry. Our clients benefit from the robust relationships that we maintain with key service providers within the financial industry. Our highly experienced team with extensive experience within the liquidation space, together with our depth of resources and global reach, allow us to provide a best-in-class service.

A Cayman Islands company can be dissolved by the appointment of a liquidator, or it can be dissolved without such appointment, if the company has been struck off from the register as a result of an application to the Cayman Islands Registrar of Companies for the purpose.

At FundBank, we provide comprehensive banking solutions to the liquidator for the varying needs of their liquidating entities. These include:

- Voluntary liquidation of a company in the Cayman Islands
- Winding-up a Cayman Islands company by the court
- Liquidation under the supervision of the court
- Striking off a company in the Cayman Islands.

FundBank works closely with a wide range of liquidators and understands their desire to partner with experienced service providers who can ensure that the de-registration process is both swift and transparent for the benefit of creditors and shareholders.

Our highly-experienced team supports liquidating Cayman Islands registered entities, including exempted funds, limited partnerships, special purpose vehicles, registered funds, and limited liability companies.

Why FundBank?
